Renovation Phase 1 complete, Phase 2 begins

Phase 1 of renovation to The Medical Center's first floor main corridor is complete. Employees can now see the cosmetic updates that are being made, including new flooring, rails and paint.

With completion of Phase 1, the Outpatient entrance and lobby have reopened, and patient registration has returned to its normal process.

Phase 2 has begun and will last until approximately February 20. This phase will not have the impact on patients as Phase 1 did with the temporary relocation of Outpatient registration to Diagnostic Imaging. This phase will primarily impact wayfinding through the hospital. Alternate routes using back hallways will continue to be utilized during this time to bypass renovation areas.

During Phase 2, the following areas will be closed:

- Section between Outpatient and the Diagnostic Imaging hallway.
 - The revolving door access to the main hallway in this section will be closed.
- Small section of secondary hallway leading from main hallway to Pathology and High Street exit.
 - Patients and visitors looking for the Emergency Department should be directed to use the Café/Engineering hallway to exit the main hospital and cross High Street.
 - Staff can access Pathology by using the back hallway of Diagnostic Imaging.

- Small section of secondary hallway by Lab leading to Café/Engineering hallway.
 - The Critical Care Waiting Room will continue to be used as a pass-through to the Café/Engineering hallway.
- Section between Subway and Nursing Administration hallway.
 - Elevators 1 & 2 and 4 & 5 will be operational; however, elevators 4 & 5 cannot be accessed from the front. Both sets of elevators can be used for all patient floors. In addition to normal access via Elevators 4 & 5, Commonwealth Regional Specialty Hospital will be open through 6B, using the front side of Elevators 1 & 2.
 - One entrance to Subway will remain open.

What you can do

Please continue to assist patients and visitors in finding their way as you encounter them in our hallways. A renovation of this magnitude and scope affects the patient and visitor experience in our hospital. We want to minimize any inconvenience and confusion for them.

Upcoming Events

Vascular Screening

January 20

9 a.m. to 4 p.m.

The Medical Center Health & Wellness Center located at 1857 Tucker Way off Cave Mill Road in Chandler Park. Appointments are required by calling 745-0942.

Assess your vascular health with three painless, noninvasive tests: carotid ultrasound, abdominal aortic ultrasound, and ankle/ brachial index. These tests screen for disorders such as stroke, aortic aneurysm, and lower extremity vascular disease. A vascular technologist performs the screenings, results are sent to a board certified vascular surgeon at The Heart Institute, and a report is sent to you and your physician. The cost is \$35 per screening or \$90 for all three. Members of Senior Health Network, Men's Health Alliance and The Women's Center can get all three for \$80.

Rheumatoid Arthritis Class

January 20

12:30 to 1:30 p.m.

The Medical Center Health & Wellness Center located at 1857 Tucker Way off Cave Mill Road in Chandler Park. Preregistration required by calling 745-0942.

Join rheumatologist Asad Fraser, M.D. as he discusses the diagnosis and treatment for rheumatoid arthritis. The presentation will be followed by a question-and-answer session. Lunch will be provided.

Women-In-Charge Luncheon:

New Year, New Beginnings for Your Health

January 24

Noon to 1 p.m.

The Medical Center Auditorium. Cost is \$8 per person; preregistration is required by calling 745-0942 or going online to TheMedicalCenter.org.

What better time than the beginning of a new year for making the decision to improve your health and be the best you can be. This presentation will focus on steps that can be taken each day in the areas of nutrition, physical activity, sleep patterns and stress management that can have a huge impact on one's physical and emotional health. The Women-In-Charge Luncheon series is designed to address the health concerns and professional interests of women.

Vestibular (Dizziness) Screening

January 26

1 to 4 p.m.

The Medical Center Health & Wellness Center located at 1857 Tucker Way off Cave Mill Road in Chandler Park. Preregistration required by calling 745-0942.

This screening, provided by Bluegrass Outpatient Center, uses state-of-the-art video goggles to help locate where in the ear balance disorders occur. Vestibular screenings are often recommended for those who experience vertigo (dizziness) or have a history of falls.

Watercolor Class

Mondays, January 30 through February 27

10 a.m. to noon

The Medical Center Health & Wellness Center located at 1857 Tucker Way off Cave Mill Road in Chandler Park. Preregistration required by calling 745-0942. Limited to 15 participants; bring a 9- by 12-inch cold-press paper pad and #1 and #8 round brushes.

Did you know that using your creative side is healthy for you? It provides relaxation, may improve memory, helps blood pressure and aids in stress reduction. Local artist Nell Peperis will lead this six-week class. The cost is \$45, payable to the instructor at the first class.
